Introduction:

Pre-requisite: MUSI 105 and MUSI 140; Co-requisite: MUSI 106 – Aural Perception II is a course involving the material and structure of music, application of principles in two- three-, and four-part writing and introductory experiences in piano. It is a concentration on, but not limited to, music as defined by and expressed in the Western European historical traditions from the Renaissance through the common practice period.

The following goals are central to MUSI 141:

- a. functional understanding of the common elements and organizational patterns of modal and tonal music from an aural perspective, with the express intent of increasing the student's ability to employ discerning listening skills essential to the teaching and performing professions.
- b. enhancing understanding of and capability with the musical language, as expressed in traditional melody, rhythm, harmonic structures and forms, through customary beginning- and intermediate-level analytical processes from listening and performing perspectives.
- c. deepened understanding of this knowledge through performance experiences of original compositions discussed and performed in the class-room setting.

A New Approach to Sight Singing, ed. 5, by Berkowitz, Fontrier, Kraft

Materials:

Music manuscript paper is required for each class for dictation purposes.

* Please use pencil for all work!

Tentative Grading Rubric:

Daily Grade (Attendance/Class Participation/Assignments)	150 pts (15%)
Sight Singing/Keyboard Quizzes	200 pts (20%)
Aural Quizzes	200 pts (20%)
Midterm	200 pts (20%)
Final Exam	250 pts (25%)

As this is a course of study dependent on the student's desire to grow as a vocal and/or instrumental musician, it is central to the experience that **daily sight singing practice time** be reserved and made use of in an orderly, productive fashion – much the same as practice/rehearsal sessions for applied study.

Class Participation:

Class participation is expected and noted for final grade calculation. Attendance is mandatory and will be taken regularly. Missed classes will have an impact on the final grade. Illness will be accepted as an

excused absence only if accompanied by a doctor's note. Missed quizzes and exams cannot be made up without prior approval from the instructor.
